Engagement & Ownership

Different

mathematics in a variety of ways to motivate learners.

- Group study and competition of Live
- Manage classes and groups

Mobility

Curriculum Alignment

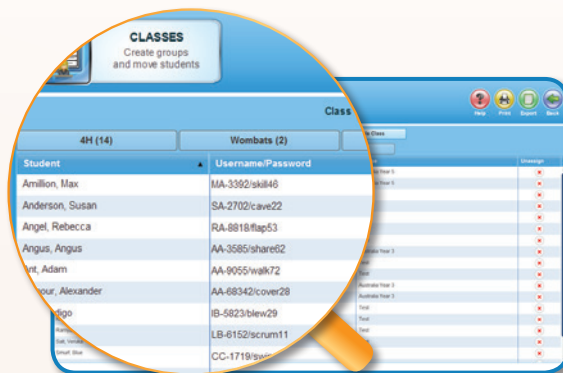

Love Learning

www.mathletics.com.au

Differentiation

- Group students by ability level with a clear and easy to use interface
- Manage course content for individuals and groups

- Set tasks to create individual learning pathways
- Student driven learning and self assessment

Curriculum Alignment

The flexibility to customise curriculum content or the convenience of ready made courses.

- Aligned to the Australian National and State based curriculums
- IB and international curriculum content
- Create customised courses to match your scope and sequence

Mobility

Mathletics supports mobility through:

- eBooks
- Ongoing development of resources to suit iPad
- Mathletics Teacher app which is available through the iTunes store
- Mathletics Android app, available on Samsung Galaxy Tablets.

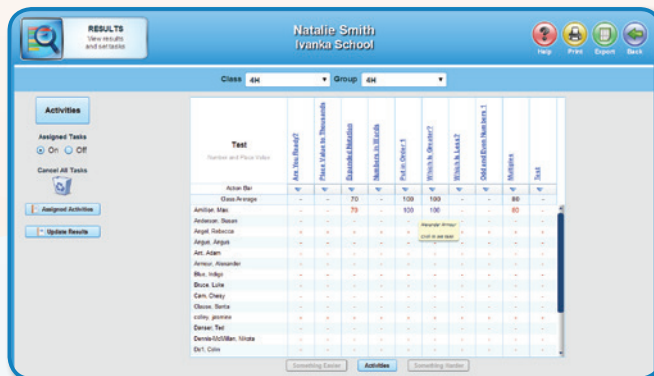

Mathletics is continually evolving with many developments throughout the year.

Love Learning

Results

- A bank of adaptive curriculum activities that support student learning and allow students to master concepts in the shortest time possible
- Drive personalised learning and improvement using automated formative assessment tools
- NAPLAN style diagnostic testing with Challenger

Engagement & Ownership

- Athletics inspires, motivates and engages students in mathematics
- Excite students with the global competition of Live Mathematics and the Hall of Fame
- Fun and interactive group learning sessions with IWB compatible content, such as interactives, workbooks, videos, games and more
- Personalisation of the Student Console and online avatar
- Integrated rewards ensure that every student loves to learn with Mathematics
